🎓 EDUCATION

Sup Galilée School of Engineering

Computer Science Engineering Degree

2023 – 2026

Paris, France

Courses : Numerical Methods, Data Structures, Probability and Statistics, Object-Oriented Programming, C/C++, Python, SQL, Data Mining, Web, Complexity, Compilation, Cloud Computing, Cybersecurity

Sorbonne Paris Nord University

*Preparatory Class at **Sup Galilée School** of Engineering*

2021 – 2023

Paris, France

Courses : Algebra, Analysis, Topology and Differential Calculus, Scientific Computing, Algorithms, UNIX systems

Phymly High School

Specialized Mathematics, Physics, and Computer Science

2016 – 2021

Cherkasy, Ukraine

WORK EXPERIENCE

Internship at Société Générale Insurance

Data Engineer / MLOps

2023 – 2026

Paris, France

- Migrate from the existing SAS to the Data Science Platform of Société Générale Insurance
- Design and develop various data pipelines, from ingestion to delivery in a format consumable by data scientists
- Maintain and evolve the data development framework of the DataLab

Skills

Machine Learning / Deep Learning : Scikit-learn, TensorFlow, Keras, XGBoost, LightGBM, CatBoost, OpenCV

Data Analysis / Visualization : Pandas, Numpy, Matplotlib, Seaborn, Plotly, Tableau, Power BI

Languages : Python, C/C++, Java, SQL, HTML, JS/TS, Matlab, Haskell, LaTeX

Environments / Tools : VSCode, Jupyter, Anaconda, Git, Docker, Linux, Windows, MacOS

Certifications

— SPD Ukraine : Course in Machine Learning at an IT company

— Stepik : Course in Machine Learning

Languages

Ukrainian : Native

Russian : Bilingual

French : Fluent

English : Fluent

German : Beginner

Interests

Chess, Tennis, Skiing, Cryptocurrencies, Swimming, Mountains
